ABOUT THE PRODUCT

Elastic vapor-permeable paint

Plastogum is an imported premium coating produced to European VOC standards. Certified for medical institutions. Adapted for the tropical climate of Thailand.

Vapor Permeability
Walls breathe — no condensation or mold

Elasticity
Bridges micro-cracks and movement

Self-Cleaning
Dirt-repellent, easy to wash

UV Resistance
No fading under tropical sun

Anti-Mold
Protection in high humidity conditions

Eco-Friendly
Certified for medical use, odorless
